

# B ATTL ON THE B ANK 2024

LOS ANGELES CA JUNE 28-30

2661 E 46th St | [WWW.DERBYDOLLS.COM](http://WWW.DERBYDOLLS.COM)

# WELCOME...

...to Los Angeles!

Battle On The Bank started in 2008 as a way to bring the larger banked track community together. We are spread across the country, and each one of us has a unique set of difficulties in running a banked track league in our respective cities, but by coming together year after year it has helped strengthen the banked track fellowship, our leagues, and our members. Four years ago RDCL was sending out cancellation notices for Battle On The Bank XIII due to a global pandemic that put the world and roller derby at a stand still. Many things have been uncertain since then, but the resilience of this community and the will to do what is needed to support and play our favorite game has been unwavering through every obstacle.

Now, more than ever it's important that we build connections across the country and through the sport so we can continue to elevate the game and support each other in what we are passionate about.

The Derby Dolls are thrilled to be able to host RDCL's Battle On The Bank XIII in 2024. We last hosted in 2013, and though a lot has changed since then, even the building, we are still expecting the powerful hits, passionate plays, and loud cheers that this game is known for. Welcome to Dollhalla, banked track siblings!

ARE YOU READY FOR ROLLER DERBY ACTION?!

Yours truly,

Derby Dolls

BOTB 2024 Host

# THANK YOU

LADD would like to thank the following people and organizations for their presence, donations and continuous support of roller derby mayhem:

What's more, we can't begin to name all of the numerous volunteers that helped to make this tournament happen. One big great Derby Dolls thank you to all of those who played a role in the planning and putting on of Battle On The Bank XIII. This would not have been possible without you!

# ***DERBY CHEAT SHEET***

PAY ATTENTION! THIS IS THE BASICS YOU NEED TO KNOW ABOUT THE GAME. THERE ARE THREE POSITIONS: PIVOT, BLOCKER AND JAMMER.

## ***PIVOT***

Sets the pace for the pack and is the last line of defense against opposition scoring. Pivot is recognizable by a stripe on the helmet.

## ***BLOCKER***

They attempt to block opposing team blockers, stop the other team's jammer from scoring points, and help get their jammer through the pack by pushing, pulling, and "removing" the other team's players from their jammer's skate path.

## ***JAMMER***

Look for the star on jammer's helmet as they speed skate through the pack, scoring points by passing opposing team blockers and pivot. The first jammer through the pack in-bounds and penalty free is called the "lead jammer."

The pack starts with a pivot from each team in the front (in the pivot alley), three blockers from each team in the middle and a jammer from each team in the back behind the jammer line. When the whistle blows, the pack takes off, and the jammers start fighting their way through the pack in an attempt to be named lead jammer. The jammers lap the pack and when they re-enter the pack, they receive one point for each member of the opposing team that they pass. A jam lasts a maximum of one minute, but the lead jammer has the right to call off the jam at the discretion by tapping their hands on her hips.

Tripping, pushing from behind, intentionally falling in front of a skater, elbowing are all illegal and will be called a penalty.
